PHILIPS EXPRESSION MR400

WE ARE VERY EXCITED TO ANNOUNCE THE ARRIVAL OF THE PHILIPS MR400 ANESTHESIA MONITOR WHICH PROVIDES THE CAPABILITY TO FULLY MONITOR THE MRI PATIENT SAFELY DURING CONSCIOUS SEDATION AND GENERAL ANESTHESIA.

PLEASE CONTINUE TO SCHEDULE AN ANESTHESIOLOGIST WHEN AN MRI PATIENT REQUIRES CONSCIOUS OR IV SEDATION.

We look forward to working with your patients in the near future.

Questions? Contact Lisse Roy, Partnership Liaison, at, 469-371-0578, or lissedavis@uspi.com or the Imaging department at, 214-720-9320.
